Is Coffee a Food?

It is difficult to determine whether coffee may be classed as a food, but that it has value as an adjunct to true nutrients there can be no doubt. There is the general agreement among scientific physiologists that coifee is invigorating; that it is car a de of allay-

ing or retarding wastes, and thereby indi- Startling and Alarming Condition Sufrather than for actual nutritious principles.

Objectionable Phrases.

"Lady friend" and "gentleman friend" are phrases than which there are few more well-spoken people. If you want to express as "I have a friend, a gentleman," or "a star in the world's ornaments, suffers in the friend of mine, a lady"; of course, unless you grasp of a terrible disease? feel that it is necessary to state that your friend is a lady or gentleman, you can use man "or " woman." In fact, it has become he practice to use these titles in preference to the former almost entirely. The most perect lacy does not object to being called a woman-she glories in it rather. As for the neu-well, they are just called men. How was suddely snatched back from the grave, as ridiculous it would be if they insisted on it were, after doctors and friends had given up being called gentlemen whenever one spoke of them. It would be like Thackeray's valet " l'endennis," who was a "gentleman's gentleman."

A Very Peculiar Notion.

Some one has estimated that at least one-ourth of the world knows nothing of the use if forks and fully one-quarter of the men. of forks and fully one-quarter of the men. somen and children in it eat with their Angers. The Egyptians and Turks pride themselves on their cleanliness in the use of their fingers rather than forks and give a is Dr. Greene's Nervura blood and nerve for their cleaning. These people wash their ing around the meal on the floor, and they atting in the carving and tear rather than out their roasted fowls.

"My little daughter, Ethel May, was terribly and alarmingly sick. She had twenty-six co-vulsions in two years. Her nerves were verweak, her appetite very bad; she could not

"Our local doctors gave her up, saying she could not be cured. "But thanks to a wonderful medicine, she is now perfectly well and healthy. This remedy

LITTLE ETHEL MAT WATSON. Another grateful mother is Mrs. Henry Fry. who resides at 4 Flint place, South Boston, Mass. She, too, had a daughter who suffered terribly from St. Vitus Dance, an alarming neryous affection, but by the same marvellous rem edy her child has also been restored to perfect Here is what she says:

'My daughter, twelve years old, became affected with St. Vitus Dance. I at once placed her under the care of physicians at the Boston Disjensary, where she was treated for three months. She grew worse until she enti-ely lost per speech, and the right arm became useless. I ried other remedies without benefit.
"Finally I began the use of Dr. Greene's Neivura blood and nerve remedy, and before

finishing one bottle she could talk. She has now used six bottles and she talks as well as ever, has perfect use of her arm, and is wonderfully improved in all respects. "The effects of this wonderful medicine in

her case has excited great interest in many neighbors and friends who are acquainted with the facts. With such evidence of the marvellous power to white, and when dry was finished with under—the bodice is instened at the side—is and nerve remedy possesses, no mother who retream—tinted enamel. When this was also gathered in at the neck opening. The gards the welfare of her child will hesitate for an instant to give it this great medicine. A cure The inside of the bureau drawers, the waist. Silk collar festened at the side, which were stained, were lined with care- Ribbon waistband with long loops and ends to give to children of any age. It is the precription and discovery of Dr. Greene, of 35 West 14th st., New York, the emment specialist in curing nervous and chronic diseases, who can

> Sad Ending of Love's Dream. The sun had sunk to rest on his couch of

whispered dreams to every listening car.

In the garden of the great mansion on the

hill the tinking fountain sang a gentle melody, and the flowers freighted the warm air with dreamy fragrance. It was a night to Detroit Tribune Softly the lattice gate swung open and a vision of loveliness stole in. Under the shadow of the spreading locust trees she glided, pass the grape arbor and on to the rustic bench beneath the great elm at the

great deep sighs; she halted now and then with finger on lip and listened for a moment. then pressed on again. turned her great eyes towards the grove at the left. She was looking for some one whose coming would make her heart beat quicker. Hark : A stealthy step : She heard

end of the inclosure. Her breath came in

it and startled. A glad light came into her eyes, the blood rusted to her cheeks. She nilf rose, then sank back and waited. He was coming now, and in a few mements she would bid good-by to her dear home, leave her loving parents and trust her life to him who had captured her trembling heart. Now that the time had come, she almost regretted er rash promise. But she did love him so. He was very close to her now, and she sat

vith downcast eyes waiting for his kiss. " Please miss." With a shrick she sprang to her feet. The olce was not his.

"Please, miss," he repeated with a warning gesture. "Montgomery Searles won't be here this evenin'. He's in juit for obtaining money under false pretenses. Fine evenin' miss. Good-by, miss."

And the detective strode away and left he? her thoughts, and the pertumes of the flowers, and the tinkling inliaby of the fountain. Extraordinary Event. [From Smith, Gray & Co.'s Monthly.]

"I hear your shooting party had an accident. Is it true?"
"Yes-Billy Smith shot a duck."

Keep Off the Enemy.

A fee who lurks in ambush is a more dangerous

stagonist than one who attacks us in the open field, and for whose assaults we are, in a measure, prepared. That dangerous enemy to health, malaria, must be encountered fully armed. Its thrusts are sudden, unexpected and deadly, and can only be guarded against with certainty by fortifying the system by a course of defensive medication. The system by a course of defensive medication. The surest defense against oblis and fever, bilious fremittent, dumb agns and ague cake, is Hostetter's Riomach Briters, which is also an eradicator of the mest obstinate forms of malaria which resist the action of ordinary specifics, and the virus of which remains in the system even when the more riolent armptoms are subdued. Constipation, liver complaint, dyspepsia and kidner troubles are always relieved by this gental remeds.

It's enough to drive any man to

cents besides.

clean. Take Pearline to it. That saves so much work that

It's sooner over, and

Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled, if you an imitation, be honest—send it back, 330 JAMES PYLE.
